

GREEN PLANET ANNOUNCES SHARE AUTHORIZATION TO INCREASE CAPITAL AND SUPPORT GROWTH EFFORTS

Phoenix, AZ -- (July 6, 2021) Based on shareholders vote, Green Planet Group, Inc. (OTC PINK: GNPG) has increased its authorized shares.

On March 21, 2021, shareholders representing a majority of the issued and outstanding shares of common stock of the Corporation voted by Written Consent to increase authorized shares from 500 to 800 million. The *Notice of Stockholder Action by Written Consent* dated June 18, 2021, was mailed to all shareholders of record as of May 17, 2021, notifying them of this change in authorized shares. The effective date of this increase is today, July 6, 2021.

The new capital structure accelerates Green Planet Groups growth strategy in the areas of product development, talent acquisition and marketing.

About Green Planet Group, Inc.

The Company is comprised of four wholly owned subsidiaries: two operating companies and two development stage companies. The Company's Healing the Earth subsidiary has developed a new Fast Track™ growing system capable of growing vast amounts of fresh, organic food with extremely low water use. XenTx Lubricants produces lubricants and additives for gasoline and diesel engines which reduce emissions and improve fuel economy. AAQIS is developing a hydrogen generator which greatly reduces hydrocarbon emissions while improving fuel efficiency in internal combustion engines. Green Mining Technologies is developing restorative technology for placer mine tailings.
